

**Creating
new working conditions
together**

Smart is a cooperative for artists, creatives and freelancers. Together we create sustainable working conditions. As an open cooperative we strive for an efficient and self-sustaining structure based on our growing, solidarity minded community.

Smart PRODUCTION

Freelancing with all the advantages of regular employment? SmartProduction makes it possible.

Independent and socially secure

Manage your projects via Smart and have the opportunity to be employed by the coop. Your work is self-determined and backed by a strong community.

Timely payment

We pay your salaries and fees immediately as due, regardless of delayed or failed payment on the part of the contractor – making for easier planning.

Minimized risk

Smart assumes the financial risk not only by guaranteed payment but it also provides full failure liability when necessary.

COSTS

Cooperative share: a one-time € 50,-

Less paperwork

Smart issues invoices on your behalf and processes payments: fees, salaries, expenses and all licensing rights and royalties.

Stay on top of things

All documents are safely stored in our cloud system for easy twenty-four hour access.

Well cared for, well advised

You can ask us any question: the Smart team's know-how covers all the issues and facts pertaining to all of your needs. For more complex issues we have external experts on hand.

SmartProduction: 7,5% of total order volume
